

THE ROOKIE DOES IT AGAIN

FIRST YEAR RACER BRANT BARNA PULLS OFF ANOTHER WIN!

Sunday afternoon (10/2/11) at Eldora Speedway, Brant Barna wheeled his Westfall chassis, tuned by Steve Mox to the lead. Barna starting mid-pack was bumped out of the groove and shuffled to the tail on the start of the fifteen lap main event. With a lot of finesse and several well executed passes Barna made his way back to the fourth place spot just before a track yellow flag and a single file restart. On the restart Brant made an incredible three wide pass, taking the outer line of turn two. With just five laps left in the race, Brant ran down the leader making the job look easy as he passed never looking back. In just three laps Brant Wheeled his APPCO powered kart to a lead of nearly an entire straight away to take the checkered flag in the clone lite feature race.
